GOLF CLUB

At Upavon Golf Club, we pride ourselves on the warmth of our welcome, the challenge of our course, and its year-round availability for play.

Our members enjoy playing the many outstanding holes, with their small, well-guarded greens and sloping fairways.

## A Challenge for all Abilities

Richard Blake, the Course Designer, has set a challenge for golfers of all abilities.

From the first tee outside the clubhouse, to the impressive 602-yard 13th, finishing with the Par 3 eighteenth over a natural valley, the course offers great variety and interest. Upavon is host to many county events – recognition of our course's true test of golfing ability.

There has been a golf course at Upavon since just after the First World War, when the area was used for recreation by the newly-formed RAF based at the adjacent camp.

In addition to the golf itself, we enjoy stunning views over the Vale of Pewsey, including the Alton Barnes White Horse, as well as the company of several species of uncommon flowers and a wide variety of birds of prey and Skylarks.

We offer a range of memberships to suit every need. We have two practice areas, and first-class teaching is available with PGA professionals.

Off-course facilities include a large car park, a bar, dining and a well-stocked Pro Shop.

Upavon Golf Club has everything that you need – a challenging, enjoyable and memorable golf experience.
